COVID-19 Operational Update

SATURDAY, 26 JUNE 2021

Since 20 April 2021, a total of 4,916 inspections have been conducted by the Fijian Competition and Consumer Commission (FCCC) across the Central, Western and Northern Divisions.

95 inspections of the total 4,916 inspections were completed on Wednesday, 23 June 2021, with 35 for Stock & Supply Surveillance, and 60 for COVID-19 Safety Measures.

Since the implementation of *COVID-Safe Business Operations Protocols* by the Ministry of Commerce, Trade, Tourism, and Transport (MCTTT), teams from FCCC have been on the ground from Friday, 04 June 2021, inspecting businesses for compliance to these protocols. A total of 1,336 businesses across the Central, Western and Northern Divisions have been surveyed since Friday, 04 June, 2021.

With regard to domestic supply chains, FCCC continues to provide assistance in normalizing sugar supplies and is in regular communication with the Fiji Sugar Corporation and respective suppliers.

To aid our frontline team in preventing the spread of COVID-19, FCCC encourages members of the public to call 158 immediately if they, or anyone they know, is experiencing any of the symptoms of the deadly virus.

Additionally, we urge Fijians to call the Child Helpline, 1325, if they are aware of, or suspect, that a child may be facing domestic violence or abuse at home during these difficult times.

In a bid to ensure the safety of all Fijians, FCCC discourages all unnecessary travel so if anyone has a complaint that they wish to lodge, we urge you to please use the following channels to contact us:
