“To Create a Dynamic and Competitive Market in Fiji”

Price Determination for Essential Pharmaceutical Products

1. Pursuant to sections 44 and 51 of the Fijian Competition and Consumer Commission Act 2010 (**FCCC Act 2010**) and the **Fijian Competition and Consumer Commission (Price Control) (Pharmaceutical Product Prices) Order 2021**, the Commission hereby makes the following Price Determination for Essential Pharmaceutical Products.

Citation and Commencement

2. This Determination is cited as Price Determination for Essential Pharmaceutical Products for Quarter 3 2024 and is effective from **16 July 2024**.

Maximum prices

3. **(a)** The prices specified in Schedule 1 shall be the maximum rates applicable for the supply of essential pharmaceutical products as listed in Schedule 1.

(b) No new charges shall be levied or imposed unless determined by the Commission.

VAT Exemption

4. As per the Value Added Tax Act 1991, Prescription Medicine or Prescription Drugs have been declared as zero – rated products effective from 1st August 2023. This means that Prescription Medicine or Prescription Drugs are exempt from 15% VAT , while a 15% VAT will continue to apply to other medicines or drugs.
5. In this Determination, unless the context otherwise requires –
“VAT” means the value added tax;
“VEP” means the price exclusive of VAT; and
“VIP” means the price inclusive of VAT.

6. Subject to paragraph (4), the prices set out in this Determinations are the maximum retail or wholesale prices, as the case may be, at which the goods mentioned therein may be sold in the areas specified in the Schedule.
7. VAT is to be applied on products, wherever applicable.

Conditions to this Price Determination

8. The following conditions apply for the purposes of this Price Determination.
 - (a) Importers, Wholesalers/Distributors, and Retailers of the Price Controlled Pharmaceutical items listed in this Determination must consistently have these items and quantities available for consumers. In cases where the specified quantities in the Schedule are not available or new quantities are introduced in the market, proportional prices MUST be applied to all other quantities, as per section 50 of the FCCC Act 2010, which states:

“Where the quantity of goods sold or offered for sale is greater or less than the quantity specified in an order made under the provisions of subsection (1) of section 44 such goods shall, subject to any express provision to the contrary in the order, be sold or offered for sale at proportionately increased or diminished price as the case may be”.
 - (b) To clarify, if the price-controlled item is cough syrup 100ml with a maximum retail price (MRP) set at \$2.00, and it is not available in stock, any other quantity of the same item available must be sold at a proportionate price. For example, if 110 ml of the cough syrup is available and the 100ml is not, then the price of 100ml is calculated as follows: $\text{Price of 100ml} = (2.00/100) * 110 = \2.20 .
 - (c) Where the maximum price of an item listed in Schedule 1 is required to be rounded off the nearest whole number, it should be done on the total prices rather than on individual unit(s).
 - (d) The re-wholesale price will be applicable to traders engaged in the distribution/re- wholesaling of the items in schedule 1 with a maximum mark-up of 5% (five percent) on the maximum wholesale price stipulated in this schedule. This will be considered on a case-by-case basis. However, justification for this increase must be submitted to FCCC and FCCC will make an assessment and approve re-wholesale prices where applicable. The **Maximum**

Retail Prices, however, will remain unchanged.

- (e) A further **dispensing fee of \$0.45 VEP** is allowed on each item prescribed by a physician, as per the current practice.
- (f) **FCCC Price List must be prominently displayed** within all traders' premises.
- (g) FCCC will closely monitor the market to ensure that the items specified in Schedule 1 are consistently available and that the prices of the non-controlled items are not **unreasonably** inflated.
- (h) Pharmacists and other staff members working at the retail end **MUST** ensure that consumers are always informed about the availability of the price-controlled items enabling them to make informed decisions.
- (i) FCCC reserves the right to review the list of price control items wherever it deems necessary, following consultations with all relevant stakeholders.

Offence

9. Pursuant to section 53 of the FCCC Act 2010, it is an offence for a trader to sell price-controlled goods and services at a price other than the price determined and approved by the Commission under section 44 of the FCCC Act 2010 and orders 4(3), 5(3) and 6(3) of the Fijian Competition and Consumer Commission (Price Control) (Pharmaceutical Product Prices) Order 2021.

Expiration of the Price Determination

10. This Determination expires on 29 September 2024, unless the Determination is varied, extended or revoked.
11. This Determination supersedes all previous prices determined or authorized by the Commission for the said products listed in the Schedule.
